1) I agree in the view that because an endowment is made by a certain donor, his request for his institution being taken under the management of Govt in the Mangalore dept. should be favourably considered. It may however be very inexpedient to lay down such a policy. It would add to the responsibilities of the Mangalore officers in a most disproportionate manner. No special circumstances have been made out in the present instance for an exception being made & the request granted. Action may be taken accordingly
